Social Media Comment Disclaimer

TriCounty Health Department (TriCHD) participates in social media in order to engage individuals and organizations in leading healthier lives. TriCHD provides content on social media platforms to encourage discussion of health information.

Posted comments and images by followers/users do not necessarily represent the views of TriCHD. External, non-TriCHD links on this site do not constitute an official endorsement on behalf of TriCHD. While we encourage users to share thoughts and opinions on TriCHD social media pages, we expect that this will be done in a respectful manner. TriCHD does not agree with or endorse every comment that individuals post on our pages. Our goal is to share ideas and information with as many individuals as possible and our policy is to accept the majority of comments made to our profile.

A comment will be deleted if it contains:

- Hate speech,
- Profanity, obscenity or vulgarity,
- Nudity in profile pictures or posted images,
- Defamation of person or people,
- Name calling and/or personal attacks,
- Comments whose main purpose is to sell a product,
- Comments that infringe on copyrights,
- False information
- Spam comments, such as the same comment posted repeatedly on a profile, and other comments that the TriCHD Public Information Officer deems inappropriate.

All links posted as comments on TriCHD posts will be reviewed and may be deleted. Repeated violations of TriCHD comment policy may cause the author to be blocked from TriCHD pages.

We understand that social media is a 24/7 medium; however, our moderation capabilities are not. We may not see every inappropriate comment right away, and we are trusting in the maturity of our community to ignore personal attacks and negative speech or respond politely.
